

## THE LOCH LECTURES

### SPIRITUALITY AND THE LIFE CYCLE

An international symposium in Ouranoupolis, Halkidiki, Greece  
marking the thirtieth anniversary of the death of Joice Nankivell Loch

25-26 May 2012

An international symposium organized jointly by the societies of Friends of Mount Athos in the UK and Finland, with the generous support of the Society of Sciences and Letters in Finland and the Friends of Mount Athos in the UK.

Organizing Committee: Raili Gothóni, René Gothóni, Filareti Kotsi, Graham Speake, Antonios Vasiliadis.

The symposium will have as its focus spirituality in relation to the life cycle. As humans we tend to become increasingly aware over the years of the spiritual dimension in life. Our interest in and understanding of spirituality changes according to whether we are young, or middle-aged, or old. The papers in this conference will consider aspects of spirituality as they impinge on our lives and on our perception of ageing.

Venue: Taverna Apostoli, Ouranoupolis.

Conference fee: € 25.00 to be paid at registration in Ouranoupolis (includes coffee; meals and accommodation not included).

In order to reserve a place at the conference, please complete the attached form and return it online to Professor René Gothóni ([rgothoni@mappi.helsinki.fi](mailto:rgothoni@mappi.helsinki.fi)) no later than 15 May 2012.

Delegates should make their own arrangements both for accommodation in Ouranoupolis (see the town's website for a list of hotels) and for visiting Mount Athos and local convents.
